PARKSIDE CHURCH

Welcome to **Helping Others Change**. Our prayer is that this course will produce a wonderful harvest of lasting change in you and those you reach.

This is an ambitious goal and one we don't take lightly. But the hope of the gospel is that God radically transforms sinners! This means that personal growth and ministry are not just about helping people to feel better and to fix their situations. The primary focus is on fundamental changes in the heart that result in fundamental changes in the way people speak, act, and relate. Our goal is to equip you to be part of God's work of change.

Many people in our culture would call this a counseling course because it talks about personal growth and change. We, however, see it as "second half of the great Commission" material. It teaches people to live practically as followers of Christ in the way they think of their own identity and problems, in the way they serve others, and in the way they relate to God. As followers of Christ, we are being transformed and called to be agents of transformation. This is the lifestyle this course seeks to encourage. We hope that you will join us for the journey!

Note: Completion of Course 1 is a prerequisite for taking this course. If you have questions regarding this, contact Jacque at 440-708-2109.
