BOLIVIA

December 2011

Debbie women outreach

Debbie and some of the women ministry leaders she works with at the ILC church did a Christmas project to share Christ with some needy women from the city of El Alto who are making a new start in their lives.

ESI (Equipping Servants) Update

Kep visited ESI groups in Oruro, Challapata & Potosi. We continue hearing encouraging reports of how God is transforming pastors, churches & families through the 2.5 year process of learning to honor Christ by being true to the Scriptures. ESI is facing opposition in areas of Bolivia — pray that God will grant us favor, & that the door will remain open to continue studying the Bible with pastors & church leaders around Bolivia.

Last Saturday Kep met with one group in La Paz that is graduating from ESI, hearing many testimonies of God's transforming grace through the study of His Word.

ESI (Equipping Servants) Expansion

Tomas & Nancy Diaz report that they are making good contacts with pastors & church leaders in Loja, Ecuador. Tomas is ready to begin our first 2 ESI groups in January. Erick & Alison Del Castillo are gearing up to move to Huánuco, Peru to start ESI Expansion in January 2013. Pray for Erick in 2012 that he will be able to develop good relationships with key pastors & denominational leaders in Huánuco.

Thank you for praying for the work here in Bolivia!
