

James Update

Impacting the Church in Latin America

June 2015

ESI ministry in Peru and Mexico

In April Kep visited our ESI (Equipping Servants) pastoral training groups in Huánuco, Peru and in Mexico (in the States of Chiapas, Oaxaca and Hidalgo). God continues to impact many pastors and church leaders as they study Romans and grow in their commitment to honor Christ in their lives and ministries.

Parkside Church Medical Evangelism Team

In May 7 people from Parkside Church in Cleveland, Ohio joined us in Bolivia to open doors for the gospel through dental attention and evangelism in Aymara communities behind Mt Illimani, a rough 5 hour drive outside La Paz.

Thank you for partnering with us in the gospel through your prayers,

Kep and Debbie James

Our Purpose

Helping local church leaders in Latin America to honor Christ by being true to His Scriptures strengthening the Church & reaching the lost.

Please Pray

- **ESI (Equipping Servants pastoral training process)**—that the 850 active participants & 1000 graduates since 2002 will understand the sufficiency of Christ & His Word by thinking, living, serving & teaching Biblically, committed to reach the lost.
- **12 Pastoral-Assistant Volunteers:** intensive 2 year training to strengthen the church in Bolivia & provide leaders for ESI expansion.
- **ESI Expansion:** we hope to establish ESI in 5 new Latin American countries in the next 5 years — Paraguay, Argentina, Uruguay, Colombia, Venezuela. Pray for God's leading & provision for Pastor-Book-Sets for the 2500 pastors we hope to impact.
- **Family:** Andrew & Angie are growing thru Parkside's Missionary in Training process. Katie is impacting lives for the gospel in Ohio. Sami and Heather are enjoying their 4 month old son Ethan.
