

## The Beans' Talk: Update from Mark and Patti Bean

Translating all of God's Word for six different groups of Quechua speakers in central Peru

At Christmas we celebrate the Word of God made flesh. Jesus, the Christmas babe, came for all people, even those in the remotest corners of the earth.

Join us in praying that the written Word of God becomes available for Quechua speakers in central Peru before another Christmas rolls around.

### Praises and Prayer Requests

- **Praise** God for the four days with all five of our grandkids (and their parents). Andy's and Ernie's families overlapped those four days. We even had snow while they were here.
- **Pray** for the third of four proofing workshops that will take place January 8<sup>th</sup> through the 26<sup>th</sup>. Once again some men will meet in Huanuco and others in Huaraz. Mark will be working from the basement here in Ohio. Specifically pray that:
  - everyone will show up at the same time and be healthy
  - the Internet connections will be good
  - no location loses electricity this time, and
  - most importantly, that everyone will be alert to the tiniest details.

Mark hopes to go to Peru for the final proofing workshop in February.

- **Pray** for Mark's health. Ever since the last workshop in December he's been sick with bronchitis. Right now it's pretty hard to imagine him conducting a workshop in the shape he's in.

A very warm, peaceful and joyful Christmas to you,
